10. Stake your OSMO to Cosmostation : Click on Manage => Delegate

The screenshot shows the Keplr wallet interface for Osmosis staking. The user's name is Fanny Menardi and their available balance is 0 OSMO. The Osmosis Staking section shows a total of 174.2369 OSMO staked and a claimable reward of 0.000064 OSMO. Below this is a table of all validators:

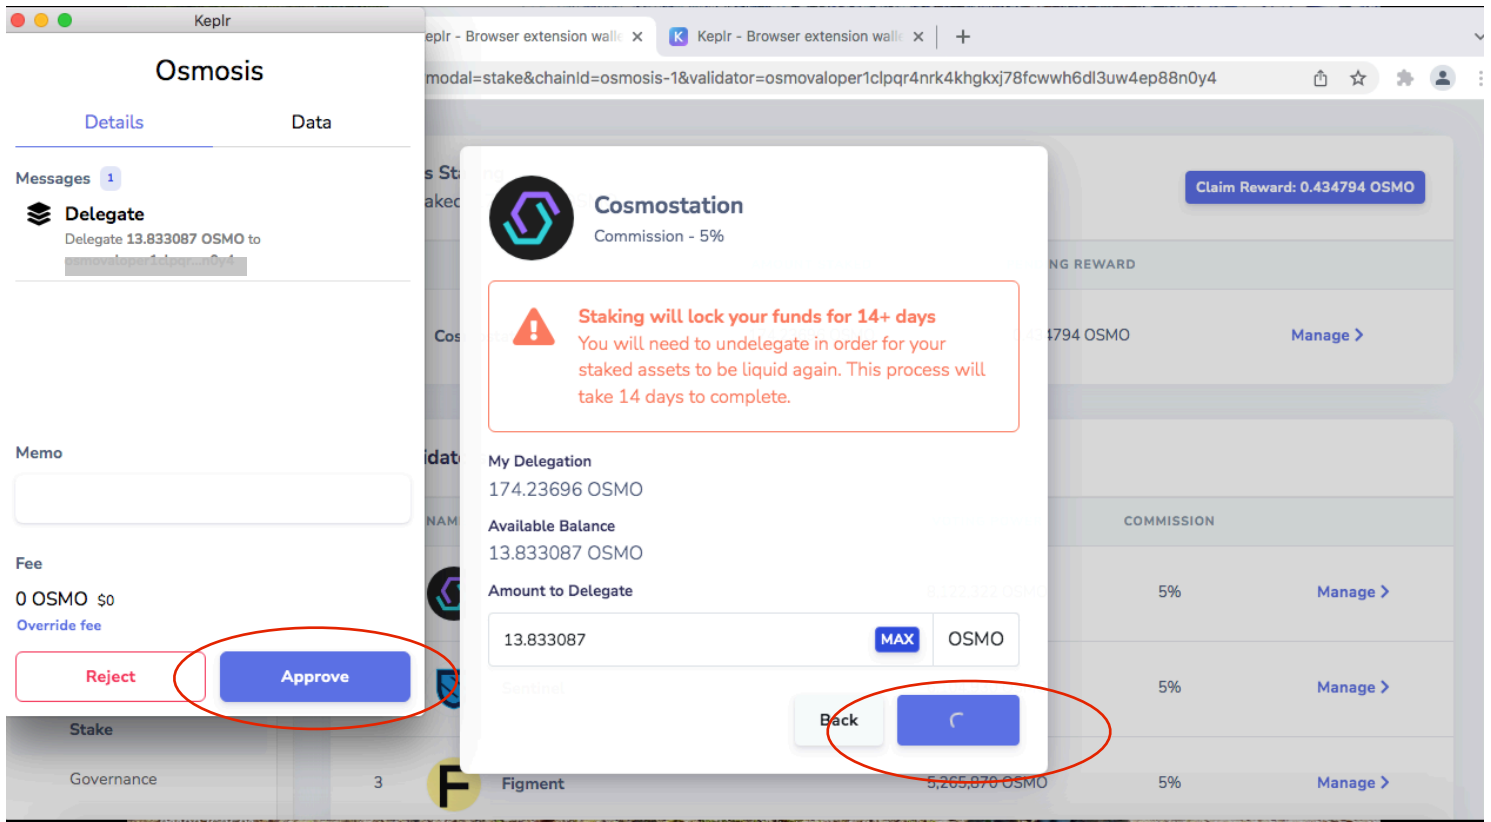

RANK	NAME	VOTING POWER	COMMISSION	Manage >
1	Cosmostation	8,112,171 OSMO	5%	Manage >
2	Sentinel	6,101,225 OSMO	5%	Manage >
3	Figment	5,262,464 OSMO	5%	Manage >

This screenshot shows the 'My Delegation' modal for the Cosmostation validator. The modal displays the validator's website (https://www.cosmostation.io), a description of the node, and the user's current delegation of 174.23696 OSMO. At the bottom, there are 'Undelegate' and 'Delegate' buttons, with the 'Delegate' button circled in red.

11. When you delegate the amount (MAX Amount), you will be asked to pick a fee rate. Just pick the lowest one, then Approve the transaction.

12. After a few days or weeks, **Collect / Claim your rewards**, they will appear in your available balance on the left toolbar and **stake them again** so your amount keeps generating more rewards / APYs.

# We found the Magical Money Machine!!

13. You can **follow the evolution of your investment by clicking on ASSETS** on osmosis.zone and by going back to STAKE to see your rewards. From my initial investment of \$775, I got maybe \$40 in three weeks worth of rewards. In order to have these rewards generate a full income, I will have to wait until I reinvest again and again and the amount staked gets high enough that the rewards get more significant as well. However, my investment DID almost double within 3 weeks because the value of the OSMOSIS itself in dollars worth has increased. So, this is not a warranty as it depends on the evolution of the crypto market but when I asked him "WHY OSMOSIS?" Kyel said that this is the most profitable at the moment and we will make sure to follow up to make changes if needs be. In my opinion the crypto market will only keep going up and so I will leave my money there until that thing becomes a 5 or 6 figures from less than a thousand dollars investment.

The screenshot shows the Osmosis web application interface. The browser address bar displays 'app.osmosis.zone/assets'. The main content area is titled 'My Osmosis Assets' and features a summary table with the following data:

Total Assets	Available Assets	Bonded Assets	Staked OSMO
\$1,442	\$0	\$0	\$1,442

Below this summary is a table titled 'Osmosis Assets' listing various assets and their balances:

Asset / Chain	Balance	IBC Deposit	IBC Withdraw
OSMO	0		
ION	0		
Cosmos Hub - ATOM	0	Deposit >	Withdraw >
Terra - LUNA	0	Deposit >	Withdraw >

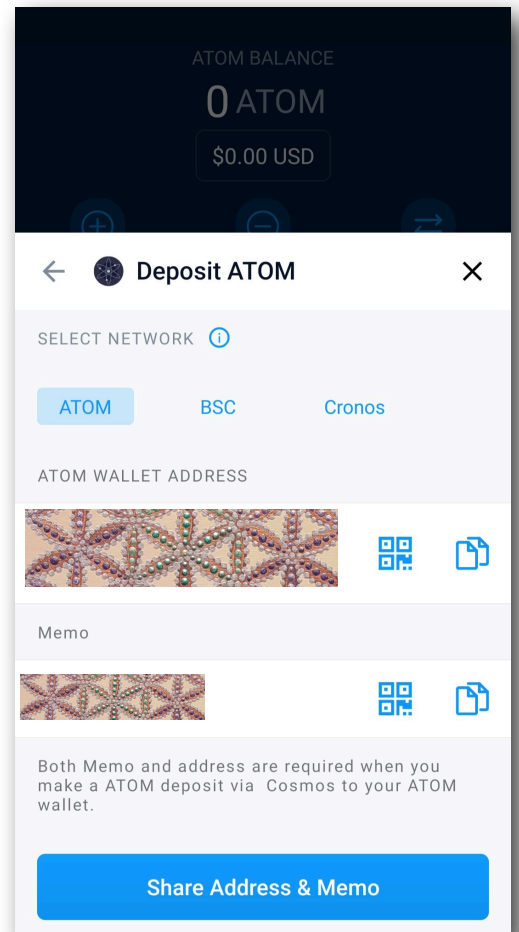

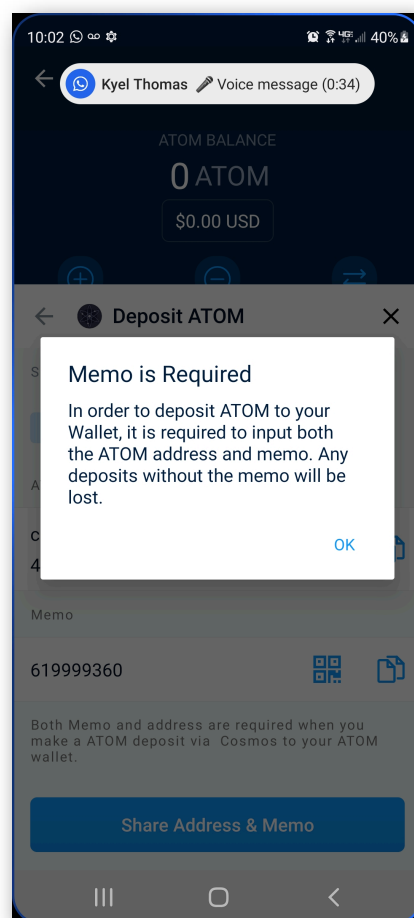

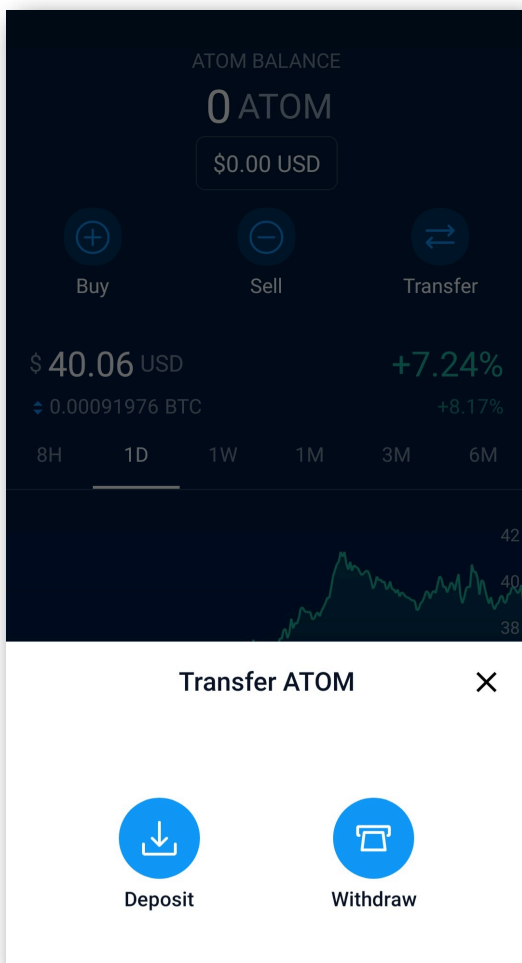

The left sidebar contains navigation options: Trade, Pools, Assets (highlighted), Stake, Vote, and Stats. The user profile 'Fanny Menardi' is shown with a balance of 0 OSMO and a 'Sign Out' button.

## Recuperating your money

Whenever you want your money back, just do the process backwards by:

- Undelegating from Cosmostation. It takes about 14 days for your money to become available.
- Retrading your OSMO to ATOM and get it back to your Keplr Wallet: Go to ASSET, the same way you deposited your ATOM, you can withdraw your OSMO and it will get back on your Keplr Wallet.
- There you will be able to click "SEND" and will be asked a recipient adress.
- To find your recipient address: Go to crypto.com. Each currency has its own wallet address. Copy that address and send it to yourself by email so you can have it on your computer.
- Send the ATOM on your Keplr waller to this adress and then you can transfer it back to your bank account from crypto.com or buy other crypto as you wish.

**Caution:** This is where you have to be careful with the crypto, if you send the money to the wrong address or not the right crypto you loose it, but most likely if you know how to copy paste properly and follow the instruction you'll be just fine. Once again, we cannot warranty the stability of the cryptocurrency market but show you what we trust is the most profitable at the moment to generate a passive income. Follow up our Masterminds to stay updated and please don't hesitate to ask your questions in the comments sections!!

Thank you for trusting us and we hope to all become financially independant soon thanks to this process!!

With Love,

Fanny and Kyel
