# February Edition

Each of us is the Keystone to the other,  
Each the gateway that leads into Life  
and becoming eternal.

Dear collaborators and friends,

Did you now that my home town of Nice, France, is inscribed on the UNESCO Patrimony list? Just walking here feels like freedom and magic. From the minute I landed, what felt hopeless and difficult, in the United States, became light and easy. Why in the world did I spend a decade of my life in this country of interest rates and psychopaths? Well, the answer is always: YOU. The network and excitement of working together to bring back Culture and motivation for Business, Science, while improving everyone's level of life.

Last month, I ran. I feel privileged to be able to return to my country when things go wrong or opportunities don't show up. But that is not the case for everyone. So, for them, we have a duty to squeeze every bit of our freedom of speech to denounce the impossible and reward the greatest achievements of human kind. Please read this magazine as a promenade of headlines, the good and the bad, while wondering what WE can do to make society better at our respective levels.

Let's start with some amazing news!

### Sophie Adenot, the second French woman to fly to space

Since the nomination of **Jared Isaacman, as the new NASA Administrator**, the partnership between Space X and NASA has never been so efficient! In Addition to Elon Musk's close collaboration with the U.S. Government and Secretary of War Pete Hegseth visiting every major engineering and military facilities to connect everyone, the society of COLLABORATION we all asked for is well underway! Congratulations, Gentlemen, and Big UP to the Second French woman to ever fly to Space! Love this team!!

Aka Rookie, the **Chief of the Polaris Mission** (10 Sept. 2024) achieved the first Space Walk ever since the Moon landing of 1969. He confirms that we DID land on the Moon - even though NASA Kennedy Space Center stages it SO WELL you'd believe they are showing us how they staged it back then...

## PACHAMAMART ENCYCLOPEDIA

Have you ever felt like the truth is right in front of your eyes, that there is more to life than what the eye can see? It is because, there is more. So much more! Along with each symbol and each word, every language is the vase of a culture that has for only border the imagination and greatness of its population. As our society is becoming so conscious and connected to our divine essence and mission, our languages become transmitters for powerful light codes that act on our body, mind and soul. This is why the decoration in your home, in your marketing, your visuals, the prose and intention in each word is so important, and relevant. Once you learn to decrypt these codes and symbols, you start using them naturally by modeling what you admire and expanding towards a better version of yourself.

What I offer in this book is to take you to the level of the world's greatest geniuses, learn from their knowledge and experience so, altogether, we can continue building a Golden Age of Peace and Harmony, with inspiration, compassion and beauty. I am also proud to present my entire life's Artwork and Mastermind programs. The Chakradventure, the Flower of life Art Retreat, my Flying Potion... It is designed to be used as a guide for team-building events that you can use with your own family and team, or contact me to organize them for you. It talks about Arts, Science, Health, Politics, Marketing, Business, Humanitarian and Military Organizations, Spirituality, Prophecies and the Consciousness brought by an amazing international network that decided to join forces to change the world. Writing this Encyclopedia was like opening the Pandora box. Knowledge is infinite, but once you get the mechanics, you will forever seek to align with a higher purpose and trust your intuitions. And more than the knowledge, the best part of this book is its creation's incredible process. The solidarity that was demonstrated and the tribe that joined in along the journey!

We would like you to be a part of our team!

I'd like to know what you think about Gaza. Why are Americans befriendng Israeli Prime Minister Netanyahu, who has been condemned by the International Court of Justice? Where can we stand between terrorism, counter-terrorism and abuse leading to the genocide of an entire generation? Would it make you feel better if we had a good excuse for killing children?

You probably hate terrorists. You probably also hate the fact that innocent children are being starved to death in front of the public's eyes. Nobody can agree, unfortunately. And what if I told you that I had a vision that Netanyahu was the reincarnation of Hitler? And that his mission was to kill all his Nazi soldiers in the same horrifying conditions they killed the Jews under WWII? That they came here in this little corner of the Earth to balance out their karma, seeking redemption for their crimes? Would that make it more acceptable? Would you stay neutral and become complicit of a new genocide or would you be the courageous humanitarians who help survivors no matter where, no matter what? What if I told you that Jesus is ALSO reincarnated in Gaza, as a Muslim, standing as God's journalist. If you think your religion defines you, think again. You are your values, your actions, the way you protect, defend, and defy the Laws that once were orders and turned rebels into heroes, and soldiers into traitors. It's time to stop the massacre.

**PRESIDENT OF PEACE**

Board of Peace Member States  
Have Pledged \$5 Billion Toward Gaza  
Humanitarian and Reconstruction Efforts

**The STRATEGIC PEACE PROCESS:** Transitioning from wars to peace, from oil to clean energies, and to start the denuclearization program won't be easy. But with people you trust for ANYTHING, it becomes possible. The USA is investing \$10 billions into the Board of Peace to serve, notably, GAZA and the United Nations. President Trump's Team is strengthening ties and diplomatic relationships with all countries, mostly the difficult ones, to address the wars in Israel and Russia.

Sometimes, it might seem like we are taking two steps back, but one day everything shifts, all of a sudden, and this is because of decades of paving the way and gaining trust and, I insist, on consistency and stability. Starting over every 4 years is extremely counter productive. These experts understand that the secret is to recommit, each and every day and not give up on those who stopped dreaming, if you care a little bit about them.
